Q: What is Rejuvenol Brazilian Keratin Treatment and does it work?

A: Yes yes yes! Rejuvenol is a Brazilian keratin based temporary straightening treatment that will keep your locks sleek and shiny for up to 5 months. It is very similar to the Keratin Complex by Coppola and the Global Keratin with Juvexin. The big difference? Rejuvenol has many more straightening options for the stylist. Rejuvenol has an original formula but also has a formaldehyde free version, a 1 hr treatment, and a 24 hr treatment. What is a 1 hr treatment? You only have to keep it in your hair for 1 hr and then you can rinse it

out. Yay! Much better than the 72 hours you have to wait for Keratin Complex and Global Keratin. That is definitely revolutionary.

Q: Can you do the Rejuvenol Brazilian Keratin Treatment over Japanese straightening?

A: Yes, you can do the treatment over any kind of straightening.

Q: Is the Rejuvenol Brazilian Keratin Treatment a relaxer?

A: Yes, it is a treatment based of Keratin that naturally relaxes your hair.
